Municipal Council Mangalore			Grant for water supply scheme
			objection to construction of police quarters

Seng, H. K. L. A.

To be examined and put up very early.

K. SURYANARAYANA ADIGA, B.A., B.L.,
CHAIRMAN,
MANGALORE MUNICIPAL COUNCIL.

KADRI,
MANGALORE-2.

D/2nd March, '54.

Dear Sri A. B. Shetty,

I am herewith enclosing a copy of
the letter dated 2-3-1954 addressed by me
to the Chief Minister. The letter is - 1/1.3-5,
self-explanatory. I request you to kindly
see the Chief Minister and the other concerned
ministers and do what all is necessary in
the matter.

Thanking you,

With respectful regards

Yours sincerely,

K. S. Adiga

To
Sri A. B. Shetty,
Minister for Public Health,
Government of Madras,
Madras.

SW

K. SURYANARAYANA ADIGA, B.A., B.L.,
Chairman,
Municipal Council, Mangalore.

Mangalore,
D/2-3-1954.

The Hon'ble Sri C. Rajagopalachariar,
Chief Minister, Government of Madras,
Fort St. George, Madras.

Dear Rajaji,

I am taking the liberty of addressing you on two important matters touching the Mangalore Municipality and its citizens.

First and foremost, from the press reports of the Budget proposals we failed to find any provision made for Government grant for the Mangalore Water Supply Scheme. No doubt, sanction has been accorded to us to float a loan of Rs.17.5 lakhs but that money would hardly cover the cost of the C.I. pipes required for the pumping mains. Hence there would be no provision for doing any other work like erecting the filter plant, free settling tank and the raw-water intake well and the necessary land acquisition etc. which have got to be done in 1953-54 if the scheme is to be completed within a reasonable time. Therefore, I earnestly request you to see that adequate provision is made in the budget for 1954-55 for the Mangalore Water Supply Scheme as promised by your Finance Minister in reply to ~~his~~ the address presented to him by our Municipal Council when he visited Mangalore last. If this is not done, there will be wide-spread frustration in the minds of the people of our district.

Another important matter in which I request you to intervene immediately is this:-

In the small open maidan hardly an acre in extent lying in front of the Telephone Exchange building and the St. Anne's Highschool and College there is a proposal to construct residential quarters for police officials(constables). The work has already started and trenches are being dug to lay the foundation for the proposed buildings. If these buildings are allowed to come up so close to two educational institutions and the Telephone Exchange, not to speak of the Head-post Office nearby, not only will the little available open space in front be built up which is highly objectionable from the Town Planning point of view, but also the whole area will be rendered insanitary and unhealthy. There is strong public resentment against these buildings being raised there in such haste. The authorities of the Telephone Exchange has also the adjoining educational institutions are objecting to the said-buildings being put up there. Therefore, I request you to kindly intervene in the matter and to stop all work forthwith until the propriety of putting up of those buildings at that site is thoroughly gone into and decided after hearing the objections of the neighbours and the public.

It won't be out of place if I point out that as per G.O.No.1174, P.H., dated 15-7-1926, communicated to us in Circular Memo.No.Rc.2235/47 dated 9-6-1947 of the Director of Town Planning, Madras, the opinion of the Director of Town Planning has got to be obtained in regard to location of the quarters of the type that are now being put up and as far as I could gather no such approval or opinion has been obtained for the said location and I am sure if the Director of Town Planning is consulted, he would object to the said location from the Town Planning point of view. Therefore, in the inte

of the aesthetic development of Mangalore city, I request you to intervene in the matter forthwith.

Thanking you in anticipation,

Yours sincerely,

M. N. Adiga

Sd/-y. H.C. H.A.

Dear Sri Subramaniam,

23624 I wish to remind you that while replying to the Civic Address presented to you by the Mangalore Municipal Council you had definitely assured us that adequate provision for funds will be made in the Budget for 1954-55 for continuing the work of our Water Supply Scheme; and we had all felt very happy about it. But now we are all disappointed to find from the Budget proposals as published in the newspapers that there is no provision made providing for Government grant to continue the work of our Water Supply Scheme. No doubt permission has been granted for floating a loan of Rs.17.5 lakhs for which we are thankful to you. But at the same time I have to state that, that is not the provision made by the Government in the Budget and this Rs.17 lakhs will not take the work very far.

Therefore, I request you to see that adequate provision is made in the Budget for spending government money to accelerate the work on our Water Supply Scheme and thereby avoid the feeling of frustration that has started in our city.

Yours sincerely,

A.R. Aragi

Sri K. Suryamurayana
Adige B A PL
ML. Chairman,
Mangalore.

Copy to K S
18/3/54

Sub:- Water Supply - Mangalore Municipality -
Representation of the C.M.C.

From the C.M.C., Mangalore, letter dated 2-3-54.

Please see the copy of the letter of the
Chairman, Mangalore Ml. Council, at pp. 1-5 c.f.
addressed to the Minister for Health. The original
letter addressed to C.M. has also been added to
the file at pp.7-9 c.f.

2. There are two requests -

(1) Adequate provision in the State
Budget for 1954-55 for grant for the Mangalore
Water Supply Scheme.

(2) Stopping the construction of police
quarters in front of St. Anne's High School and
College at Mangalore.

3. Request (1) above:- It is submitted
that no provision has been made for giving grant
to this scheme in the B.E. 1954-55, in view of
the fact that the Municipality is raising a
private loan. But it has been decided to give a
temporary advance of Rs 12 lakhs to the Mangalore
Municipal Council during 1954-55 to enable the
Sany. Engineering Dept. to push through the exe-
cution of the water supply scheme without losing
any working season. The advance will be recovered
in one lump sum after the Municipality raised its
loan in the open market. Hence, no action is
called for on this request.

It may be also mentioned in this connec-
tion that a grant of Rs 33,100 is being sanctioned
for the scheme during the current year.

4. Request (2) above: Edn. V section is
taking necessary action separately on a represen-
tation of the Principal of the College. An extract
of the C.M.C.'s letter in this file has also been

126

given to that section for adding to their file on the subject. As the construction of police quarters is a matter for Home Dept., the ^{connected} file has

K
12.3.24 been sent to that Dept. for their remarks.

12/3/54 That file also will be circulated to M(H) in due course
